Cybersecurity Tip of The Week- 11/13/17

Cyber Monday Is Scammer Heaven

It's Holiday Season for the bad guys too! But not the way you might think. They go into scam-overdrive mode. Black Friday and Cyber Monday are the busiest on-line shopping days and they are out to get rich with your money. So what to look out for?

At the moment, there are too-good-to-be-true coupons that offer complimentary phones or tablets all over sites on the internet. Don't fall for it. Make sure the offers are from a legitimate company.

*Watch out for alerts, via email or text, that you just received a package from FedEx, UPS or the US Mail. This scam then asks you to verify/enter personal information. **Don't enter anything.***

So, especially now, the price of freedom is constant alertness and willingness to fight back. Remember to use credit cards online whenever possible and try to avoid using debit cards for your online shopping. Be super-wary of bulk email with crazy good BUY NOW offers and anything that looks slightly "off". If you think you might have been scammed, stay calm and call your card company, nix that card and get a new one.
