Cybersecurity Tip of the Week- 3/17/2020

Defending Against COVID-19 Cyber Scams

*The Cybersecurity and Infrastructure Security Agency (CISA) is warning individuals to remain vigilant for scams related to Coronavirus Disease 2019 (COVID-19). Cyber actors may send emails with malicious attachments or links to fraudulent websites to trick victims into revealing sensitive information or donating to fraudulent charities or causes. **Exercise caution in handling any email with a COVID-19-related subject line, attachment, or hyperlink, and be wary of social media pleas, texts, or calls related to COVID-19.***

CISA encourages individuals to remain vigilant and take the following precautions:

- *Avoid clicking on links in unsolicited emails and be wary of email attachments.*
- *Use trusted sources-such as legitimate, government websites for up-to-date, fact-based information about COVID-19.*
- *Do not reveal personal or financial information in email, and do not respond to email solicitations for this information.*
- *Verify a charity's authenticity before making donations. Review the Federal Trade Commission's page on Charity Scams for more information.*
